A sad reality with serious consequences

There have been more and more reported cases of elder abuse, mistreatment, and harassment in residences and drop-in centers.

This type of abuse is horrific for victims and their families and can also be a nightmare for owners, officers, and directors of senior residences and centers, who are responsible for events that occur there.

The cost of lawsuits over abuse, mistreatment, or harassment can be astronomical.

We're here to offer you advice whenever you need it.

Prevention is the solution!

- Are you financially capable of paying damages of up to a million dollars or more?
- Are you prepared to risk your personal wealth?
- Do you have enough liquid assets to pay out large sums for lawyer's fees?

If you answered NO to any of these questions, it's time to make sure you have the tools to defend yourself in the event of legal proceedings.
